Professional Development for Higher Education and Quality Assurance Professionals around the World

What we do

- We train higher education professionals in quality assurance and accreditation processes.
- We inform quality assurance professionals about European and global best practices and trends in higher education quality assurance.
- We offer professional development opportunities for professionals in their respective MINT fields of expertise.

Our services

ASIIN Academy offers **professional development trainings** for quality assurance professionals in higher education institutions, industry professionals and academic staff in MINT-related disciplines, as well as for quality assurance agencies around the world.

Discover our training below!

About us

ASIIN Academy operates under ASIIN e.V. which is a non-profit member association founded in 1999. Its business is to provide expert support to German and international universities in the implementation of accreditation procedures on the programme and institutional level. ASIIN e.V. is a leader nationally and internationally in the accreditation of programmes in engineering, the natural sciences,
